

First Floor

Decorative Nail Covers

Ornamental metal caps in the shape of six-petaled flowers conceal the nail heads in the timbers.

Stone-dropping Holes

Holes have been cut into sections of floor that protrude over the battlements below. Defenders could fire downward on attacking enemies or drop heavy stones through these openings.

Take A Closer Look

Double Doors

Four fortified doorways—two on the first floor and two in the basement—protect entry into the keep. Each doorway is double layered with both an interior and an exterior door for extra security and fire protection.
