

Meakan Onsen (Meakan Hot Spring)

Travelers have enjoyed the steamy, mineral-rich waters of Meakan Onsen, at the western foot of Mt. Meakan, since ancient times. The baths at the Nonaka Hot Spring Hotel remain a popular haven for hikers looking to relax after scaling Mt. Meakan. From Meakan Onsen you can hike a trail to the summit of Mt. Meakan (parking and restrooms available), or a shorter forested trail (2.4 km) to Onneto Campground.
