

Kogidasu

About Us

Aso Cycle Tourism School (Kogidasu)

At the Aso Cycle Tourism School, also known as Kogidasu, our mission is to share the attractions of Aso and its abundant nature through cycling tours. We welcome both visitors and members of the local community, who we hope to bring together through memorable and informative cycling tours.

At Kogidasu, we believe cycling is the ultimate way to enjoy sightseeing. Fast enough for visiting places too far to reach on foot, but slow enough to let riders take in the view, cycling is perfect for accessing famous sightseeing spots and discovering hidden gems that are easy to miss when traveling by car. For us, the journey is just as important as the destination.
